

# How to insert a SIM card in a PRO 8275

The **PRO 8275** and **PRO 8275 TRUCK** are equipped with an internal 3G modem. This allows you to insert a SIM card, establish a mobile data connection and connect the device to the internet.

To insert the SIM card in a PRO 8275, follow these steps:

1. Hold down the “Power” button for 2 seconds, tap on “Power off” and confirm with “OK” to shut down the device.
2. Open the casing by loosening the screw of the battery compartment on the back of the device using a Torx-8 screwdriver.
