Communicate Better®

IT • MOBILE • TELEPHONY • TELEMATICS

Take your Office home with you

How does it work?

It's simple. Your entire PC is moved into the Cloud.

It allows you to **easily access all the apps you know and trust**, from the comfort of your own home.

All your critical files and data are available anytime, anywhere, on any device.

Why should I choose **Windows Virtual Desktop**?

Multi-session Windows 10 virtual desktop experience

Offer your users the only multi-session Windows 10 desktop that's highly scalable, always up to date and available on any device.

Optimisations for Office 365 ProPlus

Deliver the best Office 365 ProPlus experience, with multi-session virtual desktop scenarios to provide the most productive virtualised experience.

Deploy and scale in minutes

Quickly virtualise and deploy modern and legacy desktop apps to the cloud in minutes.

Great! So what are my options?

Option A

Take PCs home

- Reduced security
- Unreliable speed / connection
- Complex for end users to setup
- Open ended support costs
- Risk of not working due to individual user's setup

Option B

Use a BYOD service such as Windows Virtual Desktop

- + Highly secure solution
- + Powerful & reliable speed / VPN connection
- + No kit removal required – quicker to action
- + Fixed costs
- + No disruption to the business during installation
- + Access from anywhere
